FISCAL COURT PROCEEDINGS

Session of Three Days Was Held Here This Week.

ESQ. PARKER PRESIDED.

Appropriations Made and Numerous Claims Allowed During Meeting.

Fiscal court held a three days' session this week, adjourning Thursday afternoon. Judge Prowse was absent and Esq. W. L. Parker was elected to preside over the deliberations of the court.

An order was made to the effect that in building the remainder of the pike on any road of the county the resident magistrate and county civil engineer may let the contract for the construction of same.

It was ordered that 250 yards of turnpike, twelve feet wide, be constructed on the Tobacco road, near Hinsleytown, and 400 yards, nine feet wide, built on the road leading from Hinsleytown to the Clarksville pike.

Murphy Bros., of Bowling Green, were allowed \$800 for building abutments to a bridge recently placed by the company over Castleberry creek, and \$755 for building a stone abutment to Coal creek bridge.

Other claims aggregating about \$1,600 were allowed to various parties.

The sum of \$300 was appropriated to the Kentucky Children's Home Society, of Louisville.

An appropriation of \$100 was made to J. G. Hord, poor commissioner, for the benefit of paupers outside of the poor-house.

Nov. 9 is the date of the next meeting of court.

THE ATHENAEUM

Well Attended and Interesting Program Rendered.

The Athenaeum met Thursday night at Hotel Latham with the largest attendance of any meeting ever held, except the open sessions in May. Only six of the 30 members were absent, Dr. Manning Brown, Geo. E. Gary, Rev. M. A. Jenkins, Jno. E. Byars, S. Y. Trimble and Ira L. Smith.

After the usual dinner in the Ordinary, two papers were read. "Teeth and Their Care" was the subject of a very interesting paper

by Dr. E. H. Barker, which was practical and instructive.

Rev. C. H. H. Branch discussed "Labor Unions" in an excellent paper showing much historical research and a close study of the labor problem in all its phases.

A discussion of the papers followed.

Mr. J. W. Downer reported the new constitution and by-laws for the club, which will be voted upon at the next meeting.

Dr. Manning Brown tendered his resignation.

The Majestic Mfg. Co., of St. Louis Mo., will have a man at our store all next week who will show you how to bake biscuits brown, top and bottom, in three minutes. Don't miss this chance of seeing the great cooking wonder. Forbes Mfg. Co., incorporated.

ACQUITTAL IN WINFREE CASE.

Case Was Given To the Jury at Noon On Last Thursday.

VERDICT YESTERDAY.

Grand Jury Is Still In Session With Much To Do.

The trial of Wm. P. Winfree, Jr., was concluded at noon Thursday and went to the jury. John Feland and Walter Knight spoke Wednesday afternoon and the next morning C. H. Bush for the defense and Denny P. Smith for the State closed the argument.

It was the general opinion that the State had made out a stronger case than before, when a hung jury resulted.

The jury brought in a verdict of "not guilty" early yesterday morning.

Postponed cases of minor importance are receiving the attention of circuit court this week.

The grand jury is proving to be a working body and has a great deal of unfinished work before it this week and will remain in session next week. It is diving deep into various kinds of law-breaking and is making a strong effort to find indictments for gaming. F. G. Petre, a witness who declined to talk and was sent to jail, remained in jail only a few hours. He went before the jury again Thursday.

INTERRED HERE

Were Remains of Capt. Webber's Daughter.

Catherine, the seven-year-old daughter of Capt. W. G. Webber, died in Memphis, Tenn., Thursday. The remains arrived here yesterday afternoon and were interred in Riverside cemetery. Rev. Geo. H. Means conducted services at the grave.

Capt. Webber is in the employ of the I. C. railroad company and formerly resided in this city. His wife was a Miss Reece, of this place.

Were Bluffed.

Woman Called Their Hand and Ordered Them Away.

Nashville, Tenn., Oct. 8.—The night riders are reported to be active in Lake county. Monday night a party of forty or fifty masked men visited Mrs. Jasper Cain, a widow, at Samurn, on Reelfoot Lake, and undertook to dictate as to the disposal of her cotton.

Mrs. Cain coolly informed the men she would sell her cotton where she could get the best price for it, and finally took down a Winchester rifle, remarking: "You rascals had better clear out or I'll fill some of you full of shot."

They cleared out.

Pony Contest.

The pony contest will close on Saturday evening at 6 p. m. The winner will be announced at the carnival ground at 9 p. m., in front of the Ales, immediately after the drawing for the program prizes takes place.

CARNIVAL'S CLOSING DAY

The Weather Has Been Fine And The Attendance Good.

BIG CROWD TO-DAY.

Best Of Order And Everything Points To A Happy Finish.

The Pythian Carnival has had good crowds every night this week, but not the attendance the merits of the attractions warrant. Yesterday was the best day in point of attendance and this is expected to be still better, as it is the day that most of the country people will attend. There has never been a cleaner or more deserving lot of attractions here and several of them possess unusual merit.

The pony award will take place this evening and will of course bring out a big crowd. To-night there will be a whirlwind finish with a fine band concert.

Mammoth Bean Pods.

Mr. J. C. Adecock, of near Church Hill, brought to this office a bean pod which measured 14 inches in length. He grew a crop of these beans this year, but does not know the variety. He secured the seed from Mr. T. S. Winfree, of this city, who got some of this mammoth variety along with a lot of seed from the government. Each pod contains from twelve to fifteen beans as large as a butter bean.

STANLEY FLAYS HIS OPPONENT

Crowd of People Turned Into Frenzied, Shouting Mass When Stanley Speaks.

STANLEY VINDICATED.

Replies to Charges That He Has Incited Tobacco Grower to Violence.

Henderson, Ky., Oct. 6.—In joint debate here tonight with John Worsham, republican candidate for congress, Congressman A. O. Stanley vindicated himself from charges that he incited "night riding" in the Kentucky tobacco district. Never was such a scene witnessed in this city before as when Congressman Stanley concluded and the entire audience went wild with cheering. For several minutes pandemonium reigned. Hats were thrown in the air, throats ripped open with shouts and men stood on chairs in their frenzy. Again, when Worsham had made his rebuttal and the meeting broke up, the great audience pushed for the platform to take Stanley by the hand. He shook hands for half an hour and was congratulated right and left.

The debate was held in a tobacco factory. Three thousand men attended. Interest was intense. Mr. Worsham spoke for an hour. He devoted the major part of his time to reading extracts from Republican newspapers wherein Stanley was charged with uttering words calculated to incite night riders to violence. Although Mr. Stanley had asked his supporters in the audience to give Worsham an attentive hearing, the supporters of the congressman could not suppress their enthusiasm. Time and again, as Worsham closed a reading, the audience shouted for Stanley in chorus.

Stanley's reply to Worsham set the crowd wild. Mr. Stanley begged them to cease cheering and not to take up his time. But as he launched into a plain statement of his actions and utterances about the tobacco war, the audience time and again broke in with deafening applause.

He said that he deplored the tobacco question had been dragged into politics by Mr. Worsham. "I have done all I could," said Stanley, "to keep the question where it belongs—outside of politics." Mr. Stanley went on to show where he had spoken, begged and pleaded for peaceful measures. Far

from exciting violence he demonstrated his influence always had been to mitigate trouble in the tobacco districts.

He declared, amid shouts and hand-clapping, so loud and prolonged as to drown out his voice, that the Republican candidate for Congress would not have enough votes to make a corporal's guard or hold a good sized caucus.

Worsham closed with fifteen minutes rebuttal. He stated that Stanley's speech had been calculated to cause trouble between the miners and mine owners.

The demonstration made by the crowd at the close of the meeting was the popular verdict. Thousands shook hands with Stanley, while but few greeted the Republican nominee. People came from all over the district to hear the debate. Stanley's election is unquestioned.

The Weather.

FOR KENTUCKY—Fair and continued
cool Saturday.

Congressman Stanley spoke in
Russellville Monday and was greet-
ed by a big crowd of enthusiastic
Democrats.

The betrothal is announced of
King Manuel of Portugal to Princess
Patricia of Connaught, a niece of
the King of England, who refused
the hand of King Alfonso, of Spain.

Paducah registered 4,115 voters,
2,360 of them Democrats, a clear
gain of 206 for the Democrats, who
are evidently determined to redeem
the city the first opportunity offer-
ed.

The Vermont legislature will re-
elect Senator W. P. Dillingham
and fill the vacancy occasioned by
the death of Senator Proctor by
the election of Carroll S. Page.

The total registration at Hender-
son was only 1,635, while Hopkins-
ville showed up with 1,799. Hop-
kinsville is a little off in its politics,
but we have the goods to back up
the claim that we have the best
small city in Kentucky.

The attempt of the Republicans
to make a political issue out of
the summoning of Gov. Willson before
the grand jury of Christian county
has failed as it deserved to fail. The
Governor stated in a public speech
here Monday that he knew the night
riders and their officers. The grand
jury was then in session and it is
said was trying to get all the evi-
dence available. If the Governor
had such information, the grand jury
really hoped that he would fur-
nish it, or at least go before the
grand jury and give them his reason
if any for withholding it. The mere
fact that that he is Governor of the
State does not exempt him from being
summoned before a grand jury,
and it was no discourtesy to summon
him before the grand jury. The
Governor went before the grand jury
and to use his own words was
"most courteously treated." The
Governor's words and actions subse-
quent to going before the grand jury
were in marked contrast to those
attributed to him at the time he
was summoned and more becoming
the Governor of the State. But it is
difficult for a Republican politician
to see anything but politics in every-
thing just before election. The on-
ly small politics or politics of any
kind is that expressed in the words
attributed to the Governor and his
friends and they were to be regret-
ted under the circumstances. We
think the Governor himself was con-
vinced after talking to the jury that
no discourtesy was intended, as he
shook hands cordially with every
member upon retiring.

The Annihilation of Distance.

How much nearer to each other
the nations of the world are to-day
than they were a few decades ago!
When weeks and months were re-
quired to get news from across the
ocean the old world seemed to be a
long way off. Now the whole earth
is belted with telegraph and cable
lines, and yesterday's happenings in
Europe, Asia, Africa, South America,
Australia and the islands of the sea
are read at this morning's breakfast
table. Distance is annihilated and
the nations are becoming friendly
neighbors in consequence. The mar-
velous change is brought home to
the mind most strikingly upon read-
ing a great modern newspaper
whose telegraphic news covers the
whole world each day—a paper such
as The Chicago Record-Herald, which
has a veritable army of correspond-
ents in every important city. In ad-
dition to its own staff of correspond-
ents The Record-Herald has the ben-
efit of the foreign news service of
the New York Herald, famous for its
world wide cable system and for
the reliability of its foreign news;
also that of the New York World
and the New York Journal of Com-
merce, besides that great co-opera-
tive news-gathering organization, the
Associated Press.

Paducah, Ky., Oct. 7.—It has just
been known here that Branden-
burg, the magazine writer who sold

Duke Cabanne, of St. Louis, who
was formerly Miss Minnie Leonard,
of Edwylville, Lyon county, Ky.,
daughter of the late Sim Leonard.
Mrs. Bradenburgh is well known in
Paducah, having often visited her
sister, Mrs. Wheeler Campbell, who
is now a resident of Louisville, Ky.

MORE THREATS

Night Riders Pay a Visit to
William Dayton at Licking.

Carlisle, Ky., Oct. 7.—Persons sup-
posed to have been night riders vis-
ited the home of William Dayton,
at Licking, this county, and left a
bundle of switches and a note. The
note warned him not to make any
preparation toward raising tobacco.
Dayton had intended to raise a crop
the past summer, and had sown his
beds, but abandoned the idea when
the killing of Hedges occurred. He
had recently cleaned off his old beds,
and it is supposed was seen at this
by the persons who visited him and
left the switches and note.

DO THE PEOPLE RULE?

Organized Capital is More
Powerful Than Government.

In an address before the Bankers'
Convention at Denver, Woodrow
Wilson, president of Princeton,
used this expression:

"The most striking fact about the
actual organization of modern so-
ciety is that the most conspicuous,
the most readily wielded, and the
most formidable power is not the
power of government, but the power
of capital. Men of our day in
England and America have almost
forgotten what it is to fear govern-
ment, but have found out what it is
to fear the power of capital, to
watch it with jealousy and suspicion,
and trace to it the source of every
open or hidden wrong."

The reason capital is a "more for-
midable power than government" is
because capital organized into trusts
controls Congress through Cannon
in the House and through Aldrich
in the Senate by reason of their big
contributions to the Republican
campaign fund and control of that
party. With Bryan in the White
House, capital will have every pro-
tection but then President Wilson
will not be forced to say that capital
is a "more formidable power
than government."

The trusts must abdicate.

THE GREAT MAJESTIC WALKING CAKE

"LIKE TRUTH CRUSHED TO EARTH WILL RISE AGAIN"

TUESDAY OCT. 13th, 1908.

This wonderful cake will be baked in a MAJESTIC RANGE AIRTIGHT OVEN at our store in the morning of the above mentioned date, and at about 3:30 in the afternoon 25 ladies will stand on two planks 12 ft. long placed on the cake, and crush it flat. It will then rise to its natural height about 5 minutes afterwards, then be cut and served to all present.

This is a fine layer cake 6 inches high, by 17 inches by 19 inches, jelly between each layer, and icing on top.

The principal ingredient to this cake is the fact that it is baked in an airtight oven. ALL MAJESTIC RANGE ovens are perfectly airtight.

HOT COFFEE AND BISCUITS served every day during DEMONSTRATION WEEK

Oct. 12th to Oct. 17th 1908.

Also remember the factory will give you

WOMEN'S WOES.

Hopkinsville Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people from all over the United States.

Mrs. W. T. Winegar, living on Clarksville street, Elkton, Ky., says: "I am very glad to state that Doan's Kidney Pills cured me of most annoying case of kidney trouble which had resisted doctors' treatment and every remedy that I had given a trial. My health and strength became greatly run down, I had little ambition to perform my household duties. Hearing of Doan's Kidney Pills I procured a box and the results of their use were all that I could wish for. Before I had finished the contents of the first box of the remedy, I noticed a decided change for the better in my condition and by the time I had used the second box, I felt like a different woman. I do not hesitate to give Doan's Kidney Pills my endorsement."

Plenty more proof like this from Hopkinsville people. Call at L. A. Johnson & Co.'s drug store and ask what their customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The Evansville Courier of Wednesday says:

JNO. D. SCALES, Auditor.

The Executive committee of the Planters' Protective Association concluded its business at Guthrie Wednesday afternoon and adjourned.

The committee established three grading places instead of one as heretofore. These are Guthrie, Princeton and Paducah, representing the eastern, middle and western sections of the district.

The acreage committee reported as follows: Believing that the farmers should pay more attention to the quality than the quantity of tobacco produced, we recommend the following acreage scale: Five acres of tobacco for the first fifty acres of land owned and two and a half acres for each additional fifty acres or fraction thereof. This report was adopted.

A resolution was adopted prohibiting any association prize from receiving any tobacco on the stalk. The object of this resolution is to induce farmers to strip their own tobacco before hauling to the prize.

Salesmen were elected for all the sales places in the district except Hopkinsville, Cadiz, Princeton and Russellville.

Robert Glover, of Robertson county, was elected grader to fill the vacancy caused by the death of W. C. Warfield, who died the next day after being elected.

The committee decided that the new pledges shall be for a period of three years, and that blanks should be distributed in the very near future.

Walter A. Wilson was defeated for grader in the central district by J. O. Bell by a vote of 5 to 4. Guy Dunning defeated W. W. Radford by a vote of 15 to 9. Dr. J. L. Barker, chairman from this county, made a strong fight for both Wilson and Radford and came within one vote of electing Mr. Wilson.

The place of assistant manager, filled by W. E. Fraser, was left open to be filled later.

WOMAN'S BACKACHE

The back is the mainspring of woman's organism. It quickly calls attention to trouble by aching. It tells, with other symptoms, such as nervousness, headache, pain in the joints, weight in the lower part of the body, that a woman's feminine organism needs immediate attention.

In such cases the one sure remedy which speedily removes the cause, and restores the feminine organism to a healthy, normal condition is

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Mrs. Will Young, of 6 Columbia Ave., Rockland, Me., says:

"I was troubled for a long time with dreadful backaches and a pain in my side, and was miserable in every way. I doctored until I was discouraged and thought I would never get well. I read what Lydia E. Pinkham's Vegetable Compound had done for others and decided to try it; after taking three bottles I can truly say that I never felt so well in my life."

Mrs. Augustus Lyon, of East East, Pa., writes to Mrs. Pinkham:

"I had very severe backaches, and pressing-down pains. I could not sleep, and had no appetite. Lydia E. Pinkham's Vegetable Compound cured me and made me feel like a new woman."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

Facts About

The Great Majestic Range

It is the only range in the world made of Malleable and Charcoal Iron.

It has, beyond any question of a doubt, the largest and best reservoir.

It uses about half the fuel used on other ranges, and does better work by far.

The Majestic All Copper Nickel-plated Reservoir heats the water quicker and hotter than any other. It is the only reservoir with a removable frame.

The Charcoal Iron Body of the Great Majestic Range lasts three times as long as a steel body.

Being made of non-breakable material, there is practically no expense for repairing the MAJESTIC.

As for baking, it is perfect; not only for a few months, but for all time to come.

A Great Majestic Range lasts three times as long as a cheap range, but it don't cost three times as much.

PROOF—We don't ask you to take our word for any of the above statements, but if you will call at our store, a man from the factory, where Majestic Ranges are made, will prove to your satisfaction that these are absolute facts, and will show you many more reasons why the Great Majestic Range is absolutely the best that money can buy.

Concrete sidewalks.

If the council amends the sidewalk ordinance so as to require all new walks put down to be made of concrete whether on an improved street or not, Owensboro is soon going to be a city of beautiful walks. It is the only walk that does not become muddy by the thaws after a freeze, because they do not sink in the soft ground, and there are no cracks in it like there are in the brick walks, through which the mud may gush up and render filthy and unhealthy the walks which must be used by pedestrians. The difference in the cost of a concrete and brick walk is not so great as to make the concrete walk a burden in comparison with brick. They last longer,

HUNG JURY.

Russellville, Ky., Oct. 7.—The Browder trial was concluded to-day, the jury being unable to agree after being out about six hours. Browder and the militia will leave here to-night and the case goes over to the February term of court.

Augusta, Ky., Oct. 6.—Captain John Terry in command of 20 mounted men of the Kentucky state guard left here early this morning for their homes at Crathams after being on duty since May. STOCK BARN BURNED

J. M. Chappel's Property Destroyed by Incendiaries.

Glasgow, Oct. 7.—A large stock barn belonging to J. M. Chappel, a prominent citizen of McMillin's Landing, in Monroe county, was destroyed by fire last night at 12 o'clock, together with nine head of horses and mules, farming implements and feed. The loss is \$3,000, with no insurance.

The fire is known to be of incendiary origin and has caused great excitement in that section. Blood hounds were telegraphed for at Point Burnside and are now en route to the scene of the disaster, and a large number of the citizens will accompany the officers in following the trail.

This makes some fifteen or twenty barns burned up and down Cumberland river within the last twelve months, all of them believed to have been incendiary, and the people are now determined to capture the fire bugs and break it up.

BY NIGHT RIDERS

Paducah, Ky., Oct. 7.—That night riders are driving farmers out of the Black Patch was evidenced when fifty farmers, some representing the best families in Western Kentucky, left for the Panhandle section of Texas to locate. HYPNOTISM

Case to Be Tried in Federal Court at Frankfort.

Frankfort, Ky., Oct. 8.—Whether or not Dr. Frank Fanning, of Texas hypnotized Mrs. Hamilton, a widow in Lexington, and then forced her to sign a note for \$8,000, as is alleged will be proved or disproved in this city. Judge Cochran yesterday decided that the Federal court had jurisdiction in this case, and sustained the demurrer of Senator Lindsay and Attorney Edelen to the motion of Attorney John T. Shelby, of Lexington, that the case be sent to the State Court of that city for trial. This motion was made at the instance of Butler T. Southgate, the administrator of Mrs. Hamilton's estate. The case will come up on its merits in all probability at the next term of court.
